This page includes all of the studies that we consulted in order to develop the Educator Fact Sheet. These studies present us with evidence that the accommodations, modifications, and teaching techniques recommended in the Educator Fact Sheet have worked in other classrooms.

OAR has also compiled a list of extra websites that you might find helpful when working on including and understanding your student with autism. Look around and find out how you can make sure your student with autism has the best possible learning experience in your classroom!

- OAR Resources
- CDC general information
- Discrete–trial training
