Autism Focused Intervention Resources & Modules

AFIRM MODULES

AFIRM modules (45+) are **FREE** and designed to help you learn the step-by-step process of planning for, using, and monitoring an evidence-based practice (EBP) with learners on the spectrum from birth to 22 years of age.

RESOURCES

Supplemental materials and handouts are available for download:

- EBP Brief Packet
- Step-by-Step Practice Guide
- Implementation Checklist
- Data Collection Forms
- And many more!

CONTINUING EDUCATION

Registration for CEUs from the UNC Friday Center and Type-II CEs for BCBA's are now available.
